From the hotels, the best way is to reach AIN is to take a taxi, there's neither public transportation nor pedestrians lanes. A taxi should not take longer than 10-15 min.

Travelling to Pamplona:

From Pamplona's airport there should be not more than 10 min drive.

From Bilbao's airport (by car 180 km):

From Bilbao's airport you have to drive direction **Vitoria-Gasteiz (AP68)**. Advise: avoid Bilbao Center. Bilbao circle is complex and plenty of radars. Mind always to take Vitoria-Gasteiz AP68 (in case of doubt follow **Santander**).

~70 km. Once in Vitoria-Gasteiz area **take Pamplona/San Sebastian A1**. Advise: avoid San Sebastian AP1. This exit is previous to the right one.

~120 km. A1 splits to San Sebastian and Pamplona directions. Take Pamplona (obvious).

~150 km. Take Pamplona A15 (AP15). Just follow the indications.

At Pamplona area take exit **Pamplona Esquiroz**. Turn left at the STOP, drive 500 m and then turn right into a small road. Reach the building in 200 m.

To reach the the city center take any of these exits (depending of your GPSs):

Pamplona Berriozar.

Pamplona Logroño.

Pamplona Esquiroz.
